

ANNUAL SCIENCE & ART EXHIBITION 2026

Official Event Report, Photo Gallery & Web Highlights

1. Event Overview & Inauguration

Our school organized a grand Annual Science & Art Exhibition, bringing together creative art, working scientific models, mathematical innovations, and cultural traditions. The event commenced with a ceremonial Aarti and lamp lighting by student representatives and faculty members.

2. Working Science Models & Innovations

Students presented functional working models demonstrating Hydroelectric Power Generation, Fluid Mechanics, Environmental Water Filtration, and Space Science research (Chandrayaan-3).

4. Exhibition Display Summary

Category	Key Projects / Displays	Educational Outcome
Inauguration	Ceremonial Aarti, Lamp Lighting	Cultural values & hospitality
Science Models	Hydroelectric Plant, Filtration, Chandrayaan-3	Physics & renewable energy concepts

📌 ✨Glimpses of Innovation & Creativity! ✨📌

Our students demonstrated immense talent and scientific curiosity at the Annual Science & Art Exhibition 2026! From working models of Hydroelectric Power to handcrafted Diyas and beautiful Rangoli art, the event celebrated practical learning. Congratulations to all young innovators and guiding teachers! 📌📌
